The Tobacco Pool

By H. L. HENDRICKSON

Many farmers went to school,
Down beside the 'bacco pool;
School experience, it is true,
But they learnt a thing or two.
Planted acres of tobacco,
Couldn't fainly be a slacker;
And they placed it in the pool.
By the Co-ops Golden Rule.
Then the first advance they drew,
Other payments as was due:
And the plot so well and fine.
Kinder eased the farmer's mind.
Every thing was going well,
But the rest we hate to tell;
For the pool began to leak;
And the reservoirs to weak.
Loyal members tho they try,
Kept it not from running dry:
And the members lost, you see,
For the payments ceased to be.
Will it ever rise again?
Maybe so, the question's when:
Truly it doth seem to me;
If it rises successfully:—
By the farmer it will be,
Of the farmers you and me;
For the tillers of the soil,
Farmer members ONE and ALL,
Maybe in some future day,
It will rise again to stay;
We can do so if we try,
Make a pool that wont run dry.

Board Supervisors

Quite a number of citizens in and around Evergreen interested in the road and R. R. crossing at said town were before the Board protesting against a suggestion to run a spur road from the western underpass of R. R. to highway. The board took no action, but is understood that the Highway Commission will close the crossing just East of Evergreen.

Board adopted state law requiring the burying of all dead animals and grown fowls.

ROCKS NEWS

Here's some news that will sound good to the farmers. Mr. W. J. Almond expects to thrash wheat this year if nothing happens to knock him out, also the power mill he has for making molasses is a good thing to have in the community. He is making preparations now for both wheat threshing and molasses making —so farmers, now is the time to get busy and "raise cane"—molasses cane.

Some of the farmers planted some tobacco last week.

The community was saddened last week by the death of Mrs. Albert Baldwin. She had been at her nephew's Mr. Joel Dickerson, for about two months, at Cullen, Va. She was there at the time of her death which occurred Thursday night, June 2 Her death was not unexpected as she had been in bad health for a long time. She leaves to mourn their loss, several brothers, one sister, many other relatives and a host of friends. She was buried at Rocks cemetery Saturday P. M. between the graves of Mr. W. Dickerson, her brother, and her husband, Mr. Albert Baldwin. We wish to extend to this bereaved family our deepest sympathy.

MUMMY FAKING IS ART OF EGYPT

Specimens Decked Out and Sold as Kings.

Cairo, Egypt.—The American gold brick and Brooklyn bridge salesmen have a match in the Egyptian souvenir vendors, the local police report.

According to complaints received by the police the mummies of humble Egyptian slaves have been decked out in regal trappings and sold to gullible tourists as authentic mummies of pharaohs and Tutankhamens.

The sums paid for faked mummies, it is reported, have in some cases run into thousands of dollars.

To the natives the lost is a merry one, for mummies in Egypt are as plentiful as potatoes in Ireland. In many districts the natives dig them up and use them for firewood.

It is therefore a simple and profitable matter for a nimble swindler to dig up the mummy of some forgotten slave, transport it to his workshop and deck it out with a few gilded scarabs, inscriptions and amulets. It is then presented to the English or American traveler as a rare old Ramses or Aminhotep.

Sometimes, to make the deception more convincing, the predecorated mummy is swathed in chemically stained linen, carefully buried again and exhumed in the presence of the prospective purchaser.

There has been a brisk trade in the renovated mummies. And the profits were large. Sometimes as much as a thousand dollars was obtained for a mummy which had cost about $20 to fake. But the high profits have tempted amateurs into the game, whose faked mummies from bones of animals have become so numerous that the matter has been brought to the attention of the police, and tourists are being warned of the dangers of collecting mummies as souvenirs of their visit to Egypt.

This Church Steeple Here Before Columbus

Tacoma, Wash.—St. Peter's Episcopal church, the oldest in Tacoma, has a steeple which is perhaps the most venerable in the nation. When Columbus discovered America the steeple was 619 years of age, its concentric rings indicate, thus it is today 1,054 years old.

The pioneers of the Pacific Northwest used what nature provided, and so members of St. Peter's church converted a great tree into a steeple.

With the announcement of the selection of Tacoma as the western terminus of the Northern Pacific railroad, Bishop Morris came here to establish a church upon land covered by large trees. One was cut off 48 feet above ground and the church constructed around it. The opening service was on the ninth Sunday after Trinity, in August, 1873.

Lacking a bell, Mrs. Theodore Hosmer, Sunday school teacher, wrote some time later to her church in Philadelphia and soon one was received.

Ivy covers both the church and its steeple now, but the bell still tolls its message atop the ancient tower.

Farmer Does Good Turn, and then Picks Up $50

Detroit, Mich.—Garwood Lanzenan, a farmer living near Brown City, Mich., saw a horseshoe with protruding nails lying in the middle of the road. Thinking that he would save a motorist the misfortune of a puncture, Lanzenan got out of his car and waded through the mud of the road to salvage the shoe. As he was about to climb back into his car with the luck emblem he saw a pocketbook half buried in mud. The purse contained $50 in bills.

Man, 77, Regains Sight After Twelve Years

London.—After being blind for 12 years, James Donaldson, seventy-seven, suddenly recovered his sight. The first person he saw was his son, whom he did not recognize because he had grown bald. Twelve years ago, while Donaldson was out walking, everything "suddenly went black." His sight returned the other day just as suddenly and unaccountably as it had vanished.

Bride Killed

Suffering a fractured skull from which she never regained consciousnes, Mrs. Ellen Stacy Southall, 22 South Boulevard, Richmond, died in Fredericksburg as the result of an accident at Guinea when the car in which she was riding with her husband E. T. Southall, was struck and demolished by an R. F. & P. engine.

The body of Mrs. Southall was brought to Richmond. Mr. Southall, who is said to have been driving the car at the time of the crash, suffered a broken nose and severe cuts on the face.

Mr. Southall, a salesman for Armour & Company, with offices here, left Richmond accompanied by his wife of five months. Shortly after 11 o'clock at the R. F. & P. crossing at Guines, in Caroline County, twelve miles south of Fredricksburg, an unattached engine crashed into their car. The terrific impact fractured the skull of Mrs. Southall. Emergency treatment was given by Dr. Flegenheimer, of Fredericksburg, and the young woman was rushed to the Mary Washington Hospital.

Examination by Dr. S. R. Scott showed that in addition to the fractured skull, Mrs. Southall's right ankle was fractured and there were probably internal injuries. Every effort to revive the injured woman failed. She died at 1 o'clock.

Mr. and Mrs. Southall had left the main highway to visit the house in which Stonewall Jackson died. It was near this spot that the accident took place. Mrs. Southall was 24 years old. Before her marriage she was Miss Ellen Hurt, of near Pamplin, Va.—News Leader.
